

MONORAIL SCALE

OVER 95 YEARS OF COMBINED EXPERIENCE MANUFACTURING INDUSTRIAL WEIGHING EQUIPMENT

The B-TEK Monorail Scale is designed for use in an overhead monorail track system. The scale utilizes a rugged multi-cell design for static weighments of whole carcasses. The scales unique design allows for the live rail lengths from 18" to 36" and capacities of 1,000 lbs. to 4,000 lbs. The scale, load cells and junction box are made from stainless steel. A painted mild steel version is also available.

FEATURES

- Static weightments with 1,000 to 4,000 lb. capacity
- 304 stainless steel construction
- (2) stainless steel (IP67) load cells
- Stainless steel junction box
- 3/8" or 1/2" thick rail
- Standard scale dimensions:
 - 48" overall length
 - 24" live rail length

OPTIONS

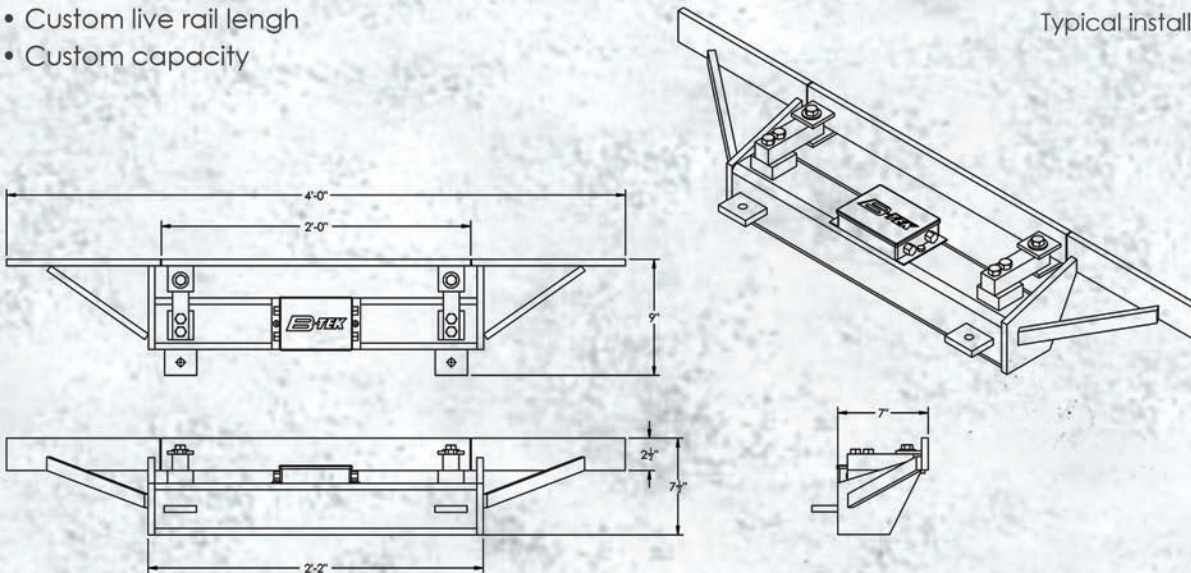

- Painted mild steel construction
- Custom overall length
- Custom live rail length
- Custom capacity

Stainless monorail
