

UNMATCHED EXCELLENCE. B-TEK manufactures a full line of the longest lasting truck scales, rail scales, and floor scales on the market. B-TEK also manufactures industry-leading industrial scales and weighing equipment for any application. Due to B-TEK's wide range of options and materials, we are a leading provider of high quality industrial scales.

EXPERIENCE. B-TEK has a proud history that reaches back further than its 1994 inception. With multi-generational trade experience, the B-TEK team brings over 75 years of industry know-how to the table. This long-term knowledge of the weighing industry enables B-TEK Scales to focus on innovation and developing high quality solutions for our customers.

TECHNOLOGY. In 2003, B-TEK announced a joint venture with the Bilancial Group of Modena, Italy, the largest truck scale manufacturer in the world. The Bilancial Group's advanced manufacturing techniques, combined with B-TEK's outstanding product lines, provides customers with the highest quality and longest lasting scales in the world.

EXTENSIVE PRODUCT LINE. B-TEK offers an extensive line of truck scales spanning across all industry applications and sizes. As a comprehensive scale manufacturing company, B-TEK designs and builds solutions for a wide range of industries such as agricultural, logistics, industrial, steel, coal, waste, recycling, and aggregate. B-TEK has the ability to manufacture standard and custom scales in full electronic digital, analog, and electro-mechanical configurations.

CUSTOMIZATION. B-TEK is proud to be known for its ability to manufacture high quality, custom scale platforms. From nonstandard sizes to retrofitted components, B-TEK's commitment to quality and service will deliver a product that fits seamless within our customers' current configurations

ADVANCED MANUFACTURING. Through the use of cutting-edge manufacturing techniques the Side Rail continues to set the standard of quality within the truck scale industry. From B-TEK's plasma cutting table designed to hold aircraft quality tolerances to our steel cleaning and painting line, each and every operation is designed to build the most reliable truck scales on the market.

HIGH QUALITY CRAFTSMANSHIP. B-TEK's truck scales are assembled by highly skilled individuals who bring decades of experience to each operation. Combine these individuals with a culture dedicated to high quality and the result is a weighbridge constructed with a level of accuracy that cannot be matched.

CUTTING-EDGE TECHNOLOGY

Over 95 years of combined manufacturing experience

SIDE RAIL TRUCK SCALE

The B-TEK Side Rail is renowned for a structurally superior design and accurate operation in the harshest of environments. The structural I-Beam design utilizes main girder beams as integral side rails. The side rails provide an increased safety factor and make the B-TEK Side Rail a more durable scale. B-TEK scales are constructed to last decades, not just years. All structural steel is shot blasted to commercial blast spec SSPC-6 and coated with a high-performance two part epoxy primer followed by a two part polyurethane paint.

DECK OPTIONS

CONCRETE

The Side Rail concrete deck option improves traction in times of inclement weather.

GALVANIZED

A Side Rail with 1/2" deck plate can be galvanized to stand up to the toughest environments.

STEEL DECK

The Side Rail's high quality 3/8" steel deck plate is built to withstand heavy truck traffic.

HARDWARE OPTIONS

GRAIN DUMP

DRIP PITS

CATWALK

DOUBLE PIPE SIGHT RAIL

SYSTEM OPTIONS

Traffic Lights

B-TEK's traffic control packages are available in single or multiple light configurations.

Scoreboard

These high-intensity LED displays are designed to ensure proper visibility in any environment.

DD Series

The DD Series terminals combine computer programming power and flexibility together with the measuring requirements of a weighing instrument.

ScaleSoft.NET

B-TEK's truck management software is fast, flexible and easy to use.

PRODUCT COMPARISON

	Heavy Duty Side Rail	Electro-Mechanical Side Rail
Capacity	270,000 lbs	200,000 lbs
CLC	80,000 lbs	70,000 lbs
Width	10' - 14'	10' - 12'
Length	12' - 140'	12' - 140'
Steel Deck Height	23 1/8"	24 1/4"
Concrete Deck Height	22 3/4"	20 1/2"

Custom sizes, capacities, and configurations are available for both Heavy Duty and Electro-Mechanical Side Rail designs.
