

SMALL ANIMAL LIVESTOCK SCALE

CUTTING-EDGE TECHNOLOGY

Over 95 years of combined manufacturing experience

SMALL ANIMAL LIVESTOCK SCALE

Designed to weigh any livestock with ease and accuracy, the B-TEK Small Animal Livestock Scale is your go-to solution for weighing small livestock. Available with rubber mat interior flooring and two hinged doors for safe and easy accessibility. The B-TEK Small Animal Livestock Scale offers reliable weighing for a wide range of small livestock with a capacity of 1,000 or 2,500 lb. Ideal for veterinary practices, agriculture organizations, research centers, county fairs, and operations that do not require a multi-animal scale, the B-TEK Small Animal Livestock Scale is versatile to meet the needs of the environment and animal.
