The HD Series mixers have been designed for all your heavy or stiff mixing needs. The 200 HD mixers feature an industrial grade drive system and heavy duty paddles. We offer dual paddle (QUAD) or single paddle models. The HD series mixers offer the same quality and integrity as our standard mixers, but with heavy duty components to tackle those tough mixing jobs.

Available options: Stainless Steel Grated lid, Metal lid, Tube lid, Pour Spout, Frame Extension and Hydraulic Lift.
